HOW TO SCORE

FIELD GOAL
FOUL ATTEMPT
FOUL MADE
PERSONAL P or P_2
ONE SHOT FOUL DECLINED (P), (T)
TWO SHOT FOUL, ONE FREE THROW DECLINED (P_2)
FREE THROW OR FREE THROWS DECLINED (0), (00)

Write the names and numbers of the starting five in the blanks above the large letter S (Starters). You will note that there is only one S in each of the five playing positions, ie RF,LF,C, etc. Enter each player's number directly behind his name. Designate Captain by a (C), a check, or parenthesis. There is room for two additional players in each position and it is recommended that the names of the likely players and their numbers be written in their proper positions before the start of the game. Offsetting the names of the substitutes to the right aids in locating the player quickly on the score sheet.

The sample game in this book is a copy of the official score of the Reitz of Evansville, and Central of Muncie basketball game, played at Butler Fieldhouse in Indianapolis, on March 17, 1951 for the Indiana High School Basketball Championship. Shots of the players are designated by writing in the number of the player attempting in the respective quarters. If a shot is successful a circle is drawn around the number. Note that all first half happenings are scored to the left of the player's name and all second half play is recorded to the right of the player's name and number. The same is true of the shot charts which enables one to easily record results in the proper quarter of the game. Goals may be rapidly counted and shots noted and then recorded as a summary in each quarter diagram as (6-13) meaning that Reitz hit six field goals out of thirteen attempts in the first quarter. Muncie hit 4 out of 13 in the same quarter. Fouls committed, which is important in a basketball game, are recorded directly behind a player's number in the center of the page. Record the fouls in the space provided for each of the four quarters of the game. One shot fouls are recorded by the letters, P or T and two shot fouls may be designated by using a sub 2 with each P. or T. The game summary at the right of the pages gives individual performances and will check with the team summary at the bottom of each score sheet. The book conforms to the new rules in basketball and since the game will be played in quarters, ample room is provided for field goals and free throws of an extraordinary high scoring game.

SUBSTITUTIONS: When a player is removed from the game, designate the quarter he was relieved by a 1,2,3, or 4 in the space to the right of the OUT below his name, and do the same to the right of the S or the IN for the player substituted in his place. Double check the substitutions by listing the changes in the proper quarter on two substitution lines on each sheet. You will note that Muncie substituted No. 53 for 45 in the first quarter, 53-45, and Reitz's first substitution was in the second quarter, 13 for 10, noted 13-10. Below 53's name of Muncie you will note a 1 following the IN and a 1 also following the OUT under 45's name. A player may be sent in as many times as necessary and a coach has a record of the quarters the player was in the game. It is not necessary to use the IN and OUT lines below the players names unless you want a double check. Usually scorers take care of all substitutions on the lines marked Substitutions divided into the four quarters.

TIME OUTS are recorded as they are called or taken, and they are recorded chronologically in the quarter in which they occurred. The scorer is always ready to inform captains of the number of time outs already taken as the last numeral indicated the total.

SEASON TEAM SUMMARY AND INDIVIDUAL PLAYER SEASON SUMMARY pages are provided in this book. Valuable information is readily available for the coach and press if records of games played are kept up to date. All games are numbered in the order that they were played so games can be identified by referring back in score book.

FIELD GOALS AND FOUL ATTEMPTS are scored in their respective blanks in the quarter in which they were made. An (X) indicates a Field Goal and an (X) a successful Foul Attempt. An (O) denotes a Foul Attempt missed, and two circles linked (OO) means two FOUL ATTEMPTS missed, and a (XO) indicates that the player missed the second of a double Foul opportunity, and (OX) that the player missed the first of a double FOUL opportunity. An O with a dot in the center means a declined FREE THROW opportunity, scored (0), a P or a T with a circle around it means shots resulting from foul were declined, thus (P), (T), (P_2), and a (P_2) with a circle around it and a dot inside, thus ((P_2)) means one of the two Free Throws awarded was declined, usually the second one of a two shot Foul.

RUNNING SCORE AND TIME PLAYED: At the bottom of the lower page ample blocks are provided for each quarter of the game and the score may be written in as it occurs, thus showing progress of game and comparative score at all times. You will note that 4 of Reitz made the first point in this game, 3 of Muncie made the second point, then 4 of Reitz made a Field Goal, and 33 of Muncie scored a Field Goal. No. 10 of Reitz made the next Field Goal making the score Reitz 5, Muncie 3. That was the only Field Goal No. 10 of Reitz made the first quarter and you can find an X on line to left of 10's name in first quarter. This book affords the opportunity for a double check on all Field and Foul Goals, offsetting any possibility of error.

RUNNING TIME: I usually watch the clock and note time elapsed as game progresses. Jot the time down in space on running time line. You will note that Muncie scored the field goal that won for them 60-58 with only 5 seconds remaining in game.

Years afterwards this score book will enable one to recount the happenings of the game as it occurred originally. The book is easy to keep if you will study it for a few minutes before attempting to score a game.
